

Quality Construction. Superior Aesthetic Design.

Frame Size

Solid 4 9/16 inch frame provides strength and durability. (Extension for 6 9/16 inch jamb available)

Lasting Color and Wood Veneer Options

The smooth finish of the composite material takes on the look of finely painted millwork that won't peel, fade or chalk like paint. Choose from six charming colors. And, if you prefer the look of wood, a pine veneer interior is also available that can easily be stained or painted to meet your décor needs.

Hardware

Color matching hardware is used for our interior finishes and complementary hardware can be selected for pine interior options.

The Best in Glass Options

From mild climates to demanding weather conditions, we have the glass options to meet your needs with our CōzE line of performance glass options.

Resin Composite

The composite material used in Renaissance windows is a mix of thermoplastic resins and manufactured to look as good as wood without the maintenance—all encapsulated with our SuperCapSR® technology.

SuperCapSR Finish

Encapsulated with an acrylic-based capstock, the composite material won't peel, fade or warp, resists scratching and can be easily cleaned with just soap and water.

Warm Edge Technology

7/8 inch or optional 1 inch warm edge spacer system in dual- or triple-pane IG units, reduces condensation and provides energy efficiency.

Wood Joinery Techniques

Wood joinery techniques can be found in all Renaissance Series windows, providing attractive tongue and groove frame corners and mortise and tenon sash corners for superior structural strength.

Custom Sizing

All Renaissance Series windows can be custom-sized to the nearest 1/8 inch increment to fit any architectural style and meet your customized window replacement needs.

Muntins/Grids

Choose from several muntins/grid styles and patterns to customize the look of your home with grids between the glass or surface-applied, simulated divided lite grids.
